And What Have You

By BOB CRAIG

Who would have ever thought that a team could have a 0-4-1 record in non-conference play, lose their final non-conference game to Childress by a score of 42-12 and then come back and win four games in a row and end up in the state playoffs.

People will be trying to figure out how it was done for years to come.

We don't have the answer to this question but do know that a bunch of fine individuals became a team in the game with Winters and have just gotten stronger with each game.

And it is not just the 11 boys on the field that have become a team but it is the whole squad that has become a team. The best example of that is the fine work of the specialty teams. They take as much pride in their jobs as do the starting 11 on offense or defense.

Because of the very nature of football reporting there are a number of talented youngsters on the team that get a lot of credit each week, but if you want to really give credit where it is due you would just have to start at the top of the roster and go to the bottom.

Johnny Jones has to be one of the most talented ball carriers we have ever watched and he can turn nothing into a touchdown as he has proven a number of times this year. But what is really impressive is when the line opens up a hole big enough to drive a truck through and he scores without anyone ever touching him.

Coach David Bonds said at the start of the year that if we were going to win we had to play defense and this has been what has really turned the season around for these kids. Somehow or other they found out what defense was all about against Winters and now they seem to almost dare you to score.

And we suspect that the Piper defense will get another test this Friday when they host the Anson Tigers, especially the pass defense. The Tigers average throwing the ball 28 times a game and a team like that can always be dangerous.

And anybody who has watched Hamlin and Anson play over the years knows that Anson will put everything they have into this game.

Hamlin has lost to Anson the last three years and each year Hamlin has probably fielded the better team.

While we congratulate the Pipers and their coaches on winning a place in the state playoffs against Cooper of

GONE AGAIN — Halfback Johnny Jones turns on the speed as he heads up field for an 83-yard touchdown Friday night against the Ballinger Bearcats. This was the first of three touchdowns for the speedster during the night as the Pipers defeated the Bearcats, 21-0, for a spot in the state playoffs. The right side of the Piper line, composed of Alfred McAfee, Ray Scifres and George Titus, opened up a gaping hole in the Bearcat line to spring Jones for the score. (Photo by Tim Jones)

AT METHODIST CHURCH—

Community Thanksgiving Service Set Here Sunday

The annual Community Thanksgiving Service will be held Sunday at 7 p.m. in First United Methodist Church under the direction of the Hamlin Ministerial Alliance. The Rev. Johnnie Williams, Methodist pastor, will present the message.

Rev. Dick McAnally, pastor of Assembly of God Church, will give the welcome and introduction.

The Rev. Leo Scott, pastor of Oak Grove Baptist Church, will give the call to worship and the Rev. C. G. Grigg, Central Baptist Church, will give the invocation.

The Community Choir will be under the direction of Lynn Mink, minister of music of the First Baptist Church. Mrs. Brad Rowland will be organist and Mrs. W. T. Johnson, pianist.

The Rev. Robert Corser,

Foursquare Gospel Church, will read the scripture. The Rev. Herman Martinez, Mexican Baptist Mission, will lead in prayer.

The offertory prayer will be given by the Rev. Howard Jones, First Baptist Church. Money from the offering will go to the Hamlin Community Welfare Fund which is administered by the Ministerial Alliance.

A solo, "Reacy Out and Touch" will be sung by Mrs. Lynn Mink.

The benediction will be given by the Rev. Marshall Stewart, Church of the Nazarene.

The public is invited to the special service.

Early Paper Next Week

Next week's issue of the Hamlin Herald will be put into the mails one day early because of the Thanksgiving holiday on Thursday.

All deadlines will be moved up one day. News deadline will be at noon on Monday or 8:30 a.m. Tuesday for events that happen on Monday evening. Advertising deadline is noon Monday. Classified advertising will be accepted until 8:30 a.m. Tuesday.

FFA Fruit Sale Ends Nov. 22

The Hamlin FFA Chapter will end its fruit sale Wednesday, Nov. 22. Orders are being taken for both oranges and grapefruit by all FFA members. The fruit is scheduled for delivery to Hamlin during the week of Dec. 4-11.

Those who have not been contacted by a FFA member may place an order by calling chapter advisors Milburn Wink or Gary Finley. Cost is \$5.50 per box or \$3.00 for a half box.

BAND AND FOOTBALL SWEETHEART NOMINEES — Senior girls selected as band sweetheart nominees are from left, Debbie Woolf, Sharon May, Velanne Rowland and Terri Casey. Miss Woolf, Miss May and Miss Rowland are also football sweetheart nominees. The band and football sweethearts will be presented at halftime of the Anson-Hamlin game Friday evening.

Pipers to Host Anson for Title

The Pied Pipers, District 6-AA Playoff representatives, will be out to win their first district title since 1940 when they host the Anson Tigers here Friday night. The Pipers went into the playoffs in 1961 but had to share the district title with Anson that year.

The 1940 Pipers were the last Hamlin team to win all of their district games and advance into the playoffs.

A win over the Tigers this Friday would give the Pipers a 5-0 district record and the title, but a loss would mean they would have to share the title with either Haskell or Ballinger. Either way the Pipers will advance into Bi-District to meet Lubbock Cooper.

The Pipers won their playoff berth with a convincing victory over the Ballinger Bearcats last Friday, 21-0. In other loop action the Haskell Indians ran over the Stamford Bulldogs, 46-0, and the Winters Blizzards defeated the Anson Tigers, 35-12.

This Friday, while the Pipers are hosting the Tigers, the Indians will be hosting the Bearcats and the Blizzards will be hosting the Bulldogs.

Coach David Bonds told the Booster Club Monday night that his charges will be in good shape for the game Friday night following their bruising battle with Ballinger. He told the huge crowd gathered at the meeting that although the Tigers have won only one district game this season they gave both Ballinger and Haskell a fight before losing to them.

Rotary Club Hosts Supper Here Friday

Advance ticket sales are brisk for the Friday night Spaghetti and meat ball Supper sponsored by the Hamlin Rotary Club.

The supper will be served from 5 to 7 p.m. in the high school cafeteria preceding the Hamlin-Anson football game. Tickets are \$1.00 for adults and 50 cents for children junior high age and under.

JV's Frosh To Play At Merkel Today

The Hamlin Junior Varsity will play the Merkel JV's in Merkel tonight (Thursday) at 7 p.m., according to Coach David Bonds. The game scheduled here tonight with Anson has been cancelled by Anson. The local JV's and Freshman teams will be combined again this week for this, their final game of the season.

Last week Hamlin was defeated by the Haskell JV's, 20-8, with Robert Phariss returning the second half kickoff back 85 yards for the only Hamlin touchdown. Quarterback Tracy Rowland passed to End Gary Hertel for the two points.

Dinner Set Saturday

Oak Grove Baptist Church Brotherhood will sponsor a dinner Saturday evening in Fellowship Hall. Serving will begin at 5 p.m. and plates will be \$1.50 each.

The menu will include fried chicken, cut green beans, macaroni and cheese, tossed salad, hot rolls, pie, tea and coffee.

Singing Sunday

The Third Sunday Singing will be held at 2 p.m. in Calvary Baptist Church.

The Tigers defeated the Stamford Bulldogs in their only loop victory and a win over the Pipers Friday night would give them the mythical Jones County title.

Scouting reports on the Tigers indicate that the Piper secondary will be in for another busy night as the Tigers have averaged passing 28 times a game in the last four games. Doing the throwing for the Tigers will be Senior Quarterback Ricky Watts, 180, who also likes to scramble.

Running from the Wishbone offense most of the time, the Tigers will have Joe Bell (170, Sr.) at fullback and Nolan Dalbert (165, Jr.) and Eddie Ward (155, So.) at the halfback spots.

At split end for the Tigers will be Victor Garcia (130, Sr.) and at tight end will be Tony Watts (150, Fr.). In the line will be Robin Reeves (155, Jr.) and Fred Galvin (195, Jr.) at tackles, Ricki Faulks (165, Sr.) and Keith Swinney (140, Jr.) at guards, and Ricki Wright (135, Jr.) at center.

Hamlin-Cooper Game Set In Snyder Friday, Nov. 24

The Bi-District game between the Hamlin Pied Pipers and Lubbock Cooper will be played in Snyder, Friday, Nov. 24, at 7:30 p.m. Hamlin is the representative of District 6-AA and Cooper is the representative of District 5-AA.

Only general admission tickets will be sold, \$2.00 for adults and \$1.00 for students. Advance tickets are the same price and will go on sale Friday at 8 a.m. in the high school principal's office.

Cooper will be the home team and Hamlin fans will sit in the East stands. The stadium seats more than 5,000. No live broadcast of the game will be made. The stadium will open at 6:30 p.m.

Piper Band Wins Fifth Division I In Marching

The Hamlin Pied Piper Band, under the direction of Tim Jones, won its fifth straight Division I in the Region II marching contest held last Wednesday at Shotwell Stadium in Abilene. This was the eleventh Div. I marching rating in 14 years and makes it possible to win an unprecedented fifth sweepstakes in a row.

The band majorettes, Dana Gallagher, Elaine Kelley and Connie Christian received Div. II's in twirling competition.

Other ratings in 2AA competition were Haskell, II; An-

son, III; and Stamford, II.

In the past 14 years of competition, the Piper band has received one Division III, six Div. II's and 33 Division I's in regional band competition.

Judges for the event were Joe Rogers of New Braunfels, Dub Crain of Sunray and Dr. Neill Humfeld of East Texas State University.

The band, in addition to halftime performances at the Piper football games, is working on selections for the 14th Annual Christmas Festival, to be held Dec. 18. Tickets will go on sale soon.

GETTING READY FOR THE BIG TEST — Cheryl Lewis, left, helps Stephanie Willingham adjust the chin strap of her band uniform as the Hamlin Piper Band prepares for marching competition in Shotwell Stadium in Abilene. The band earned the only Division I rating presented to a Class AA school in Region II competition last Wednesday.

STATE CAPITAL Highlights AND Sidelights

by Bill Boykin
TEXAS PRESS ASSOCIATION

AUSTIN — The State Legislature which convenes January 9 will be vastly different from the present one which has served through the 1971 regular and four special sessions.

There will be 77 new faces in the 150-member House and 15 new member of the 31-member Senate. (Five of the House newcomers have served before the 1971 session, and six present House members will be serving in the Senate).

Dolph Briscoe, of course, will succeed Preston Smith as governor, and Bill Hobby will preside over the Senate, succeeding Lt. Gov. Ben Barnes. Rep. Price Daniel of Liberty will become Speaker of the House, replacing Rep. Rayford Price of Palestine.

Basically, the House is expected to be a more liberal body than the present one, and the new Senate considerably more conservative.

Republicans, women and blacks increased their strength in the House; and the GOP added one more senator, for a total of three. There will be 17 Republican state state representatives — seven from Dallas, seven from Houston, two from San Antonio and one from Midland. GOP senators were elected in Dallas, Houston and Fort Worth.

The House, which now has a single woman member, will have five (including two blacks) in January. Mrs. Betty Andujar of Fort Worth, wife of a physician, is the new woman senator. She is a Republican.

The Senate's only woman member at present is Miss Barbara Jordan of Houston, a black, liberal Democrat who was elected to Congress November 7.

Black membership of the House will increase from two to eight.

\$91.2 MILLION IN AID SOUGHT — Governor Smith went to Washington last week in search of \$91.2 million in additional federal social service funding.

Texas has received \$34.8 million in federal matching funds for social services to eligible citizens during the fourth quarter of the 1972 fiscal year.

Smith argues people involved received the same services throughout the year, and the state is entitled to compensation for the first three quarters of fiscal 1972, as well as the last quarter.

The funding will be important in determining whether the next legislature will have to pass a substantial tax bill.

TAX LINE CAN BE HELD — Texas Research League predicts a major tax increase can be avoided next year if lawmakers can keep reasonable controls on spending.

Spending, says TRL, probably can be held within bounds of a \$750 million raise over the next two years — unless federal court rulings require sharp increases in funds for public schools.

An increase in revenue from existing taxes is estimated at \$375 million. A \$40 million surplus is expected to be available at the end of the fiscal year, and federal revenue sharing may provide the state as much as \$315 million during the biennium, according to TRL. That is within \$20 million of the new spending projection.

Texas Highway Department is due to ask for a two-cents-a-gallon gasoline tax hike next year, which would add another \$70 million to key fund revenues in addition to earmarked road-building purposes.

APPOINTMENTS — Jack R. Blackmon of Corpus Christi was named by Governor Smith as district judge of the 117th judicial district.

Smith designated Charles E. Simons of Dallas as chairman of the State Highway Commission. He succeeds Dewitt C. Greer, who will remain on the commission. Simons has been serving on the commission for more than a year.

The Governor also named Jim J. Hatcher of Gainesville as 235th judicial district attorney; Dr. A. J. Gill of Dallas to the advisory hospital council; and Mrs. LaVerne A. Dobbs of Houston, Judge Martin Dies Jr. of Beaumont and Richard Morehead of Austin to the Texas Civil Justice Council.

FROM THE FILES . . .

FORTY-THREE YEARS AGO
(November 15, 1929)

On November 7, the Hamlin P.T.A. met in the High School Auditorium. An interesting program was presented on the subject Reading.

There is no use in doubting Harley Sadler, he will not disappoint his old friends. Look all around you, see the red, white and blue advertising that tells you that Harley and his company will be here for three days only, Monday, November 18, Tuesday and Wednesday. Harley has grown so big in his show business that he cannot make all the towns that want him, so he is splitting the time usually given, so that he can give them all a little entertainment.

Monday night just when the new location on the Mrs. Bledsoe farm was ready for spudding, the derrick caught fire and was a complete loss. It meant about \$3,000.00 damages, besides the labor of construction and a delay in getting a good start toward what is being considered as the best location in all the Fisher County area.

Texas automobile owners will have \$11,000,000 pocket change left over in January when they register their cars for the new year, as compared with the cost this year. The 4-cent gasoline tax will gradually absorb much of this, having been raised from 2 cents this mid-year, but this will be taken so gradually that it will be painless.

TWENTY YEARS AGO
(November 14, 1952)

Special recognition was given to employees of the Celotex Corporation for their achievements in safety while working at the plant just southwest of Hamlin when more than 400 employees, their families and officials of the concern gathered Saturday evening at the Hamlin High School.

Bob McKissack, oil operator of Abilene, announced this week that he would open an oil well supply house in Hamlin soon. No definite location for the new concern had been made Wednesday, but several sites were being considered, The Herald learned.

Another community-wide fun night will be observed Saturday night at the Neinda community center, leaders of the community announced this week. After the games, sandwiches and cold drinks will be served to attendants.

Delegates from Hamlin and Stamford are scheduled to bring up the need for widening and making repairs to the highway between the two cities when one of a series of eight regional highway meetings is conducted next Monday at Abilene.

Chamber of Commerce officials this week were preparing a brief of facilities at Hamlin for a manufacturing firm in New Jersey which is planning to relocate its factory. A

request from the concern came last week to the civic organization seeking the feasibility of moving to this area.

TEN YEARS AGO
(November 15, 1962)

The Pipers will open basketball season here Tuesday night with Clyde, according to Coach Edd Farmer.

The public is invited to have coffee and doughnuts this afternoon (Thursday) at the local West Texas Utilities office from 2 until 5. I. O. Hughes, salesman, in making the invitation said that there was no particular reason for the open house at this time other than they would like for their friends and customers to stop by and have coffee with them.

The Sabin Oral Vaccine was given to 3,401 persons here on Sunday in the Hamlin High School Gymnasium from noon until 7 p.m. The second of a series of three doses to stop polio, Type II was given to as many, if not more, than the first of the series, Type I, given here Sept. 26.

The Hamlin FFA Senior Conducting team placed first in the Stamford District FFA leadership contest held here on Tuesday afternoon at the high school. Thirteen area towns competed for honors with firsts going to Hamlin, Anson, Stamford, Roby and Rule to qualify these teams to compete at the Area 2 leadership contest in Big Spring, Dec. 1.

Members of the Pied Piper Booster Club are urged to attend the club's final meeting of the year Monday night at 7:30. Officers for the coming year will be elected as well as some important business will be transacted during the meeting. The football boys will be special guests of the club for this final meeting and the Anson-Hamlin film will be shown.

NEWS AND VIEWS . . .

And What Have You

—Continued from page one

Lubbock we would much rather be able to congratulate them on winning the District title outright without any other team sharing part of the honors.

A Hamlin team has not won the title outright since 1940, as the team that went into the playoffs in 1961 had to share the title with Anson.

One of the few really smart things we ever heard Preston Smith say was when he told Dolph Briscoe to stay out of national politics. But Briscoe failed to heed this advice, went to Miami and nearly missed the bus to Austin.

Briscoe failed to make any friends at Miami but he sure made a lot of enemies when he supported Wallace and then switched to McGovern. This plus a very weak campaign nearly cost him the election for governor.

PARENTS' RESPONSIBILITY

"Train up a child in the way he should go: and when he is old, he will not depart from it." Proverbs 22:6

Ask anyone what his most precious possession is, and he will almost invariably say, "My children." The desire for the welfare of our children enables us to "move mountains". We will do anything, give them anything, if we think it will help them.

The one most important thing we can do for them, however, is to instill in them a love of God, and a desire to obey him. The church can help you in this endeavor, inspire and strengthen you. We invite you to take your family to church this week. It may make a great difference in the life direction taken by your children.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Philosopher Claims Networks Smart
On Elections, Not On Entertainment

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One apparently can't get over the way the television networks tell who won before the votes are all in, his letter this week indicates.

Dear editor:

In all the jumble of election news I read last week I remember one item which said that despite the big voter turnout and the long lines at some polling places, still only 55 per cent of the eligible voters voted. This, the article said, was a deplorable thing.

I don't know about that. One way of looking at it is that if wasn't even necessary for that many to vote.

I started watching the returns on television and the first rattle out of the box, when less than one per cent of the votes had been counted, the networks were already telling us who had won and by how many percentage points.

If one per cent of the voters can indicate who's going to win,

what are the other 99 per cent doing standing in line waiting to vote?

Why, the networks started

giving what turned out to be accurate estimates of the winners and losers three hours before the polls closed in some parts of the country with different time zones.

It seems to me the voters in those zones, standing in long lines waiting to cast their ballots, were about like fans standing in line outside a stadium trying to buy tickets to a football game that was already over.

Don't get me wrong. I'm not comparing elections to football. You think I'm crazy? I know which one is more important. Ask any candidate who forgot his knowledge of human nature and scheduled a rally on Friday night when the local team was playing at home.

But what puzzles me is this: if the networks are so smart on elections, how come they fall so flat on entertainment? Where do they keep those guys when no election is on?

Yours faithfully,
J.A.

Pipers Whip Ballinger For Playoff Spot, 21-0

A tough Pied Piper defense was too much for the Ballinger Bearcats Friday night as the Pipers shutout the Bearcats, 21-0, and secured a state playoff berth and at least a share of the District 6-AA title.

Sophomore Halfback sensation Johnny Jones, behind tremendous line blocking, cut the Bearcat defense to shreds with touchdown runs of 83, 16 and 41 yards. He rolled up 218 yards in 13 carries for a 16.8 average for the night. The night's work put Jones over the 1,000 yard mark for the season.

He has carried 118 times in nine games for 1014 yards and an 8.6 average.

The Piper defense held Ballinger's John Slaughter to 80 yards in 22 carries for the night.

Following the opening kickoff by the Pipers, the Bearcats were forced to punt with the Pipers taking over on their own 30. On third down Quarterback Milton Jones dropped back and threw a long pass to Split End Bill Cork who was behind the Bearcat defenders but could not hold onto the ball.

The Pipers punted and then forced the Bearcats to punt again after they had picked up a first down at their 37.

Taking over on the 20, Milton gave the ball to Johnny for an 11-yard gain and then passed to Cork for 14 yards. Johnny was dropped for a four-yard loss and then ripped off 57 yards to the Bearcat two. Fullback Albert McAfee carried to the one, Milton slipped for no gain on the quarterback sneak and on third down a mixup in the backfield cost the Pipers seven yards. The Pipers called on David Willis to try a 28-yard field goal but it was just off the mark.

Taking over on the 20, the Bearcats moved to the Hamlin 17 before running out of downs, Ballinger Quarterback Billy Jernigan picked up 25 yards to get the ball to the Hamlin 25, but his fourth down pass into the endzone fell incomplete.

With the ball on their own 17, the Piper right side of the line just wiped out the Bearcat defenders and Johnny raced 83 yards untouched for the score. Steve McKissack added the point after.

The Bearcats made it back to the Hamlin 22 before the half ended when they recovered a muffed fair catch at the Hamlin 30, but on fourth down and

needing two they were dropped for a two-yard loss.

The two teams exchanged punts and fumbles to run out the clock on the first half with the Pipers going to the dressing room with a 7-0 lead.

The Pipers took the second half kickoff and drove to the Ballinger 28 before giving up the ball on a fumble. Taking over on their 28, the Bearcats put together another drive with the scrambling of Jernigan being the key to keeping it alive.

The Piper defense became a brick wall when the Bearcats got within scoring range as Milton stopped Jernigan a yard short of a first down at the Hamlin 15.

Taking over on the 15, Milton sneaked for 20 yards to the 35 and then picked up another first down at the 46. Milton was hurt on the play and Willie Hooper came in and picked up four yards on the sneak. The Bearcats drew a 15-yard penalty to put the ball on the Ballinger 35. After two plays for no gain, Milton came back into the ball game and passed to Cork for 11 yards and a first down at the 24. On third down Milton passed to Cork again for seven yards and on fourth down and needing two, Johnny broke over his right tackle and raced the 16 yards to score. The kick was blocked and the Pipers owned a 13-0 lead.

Following the kickoff the Bearcats put together another scoring threat on the running of Jernigan but he was again stopped on his fourth down try with the Pipers taking over on their 18.

Picking up a first down at the 30 on the running of Johnny and McAfee, Milton gave the ball to Willis on the end around. Picking up a good block from Gerry Young, Willis carried for 31 yards to the Ballinger 39. McAfee lost one yard and then Johnny picked up some fine blocking from the left side of his line, ran over one or two Bearcats and raced the 41 yards

to score. Hooper passed to Larry Mayes for the two point play.

The Bearcats put together one more scoring threat following a Piper fumble at the Ballinger 40. Jernigan completed two of the three passes he completed during the night on this drive and moved to the Hamlin 27. But Johnny picked off his pass in the endzone and returned it 52 yards to the Ballinger 48.

The Pipers ran out the clock to secure their first trip to the state playoffs since 1961.

Federal Land Bank to Elect Two Directors

The Annual Stockholders meeting of the Federal Land Bank Association of Haskell, will be held in Haskell, on Wednesday, Dec. 13, at 2:00 p.m., according to the Manager of the Association, Joe Harper.

The Association serves Haskell, Jones, Baylor and Knox Counties, representing 800 stockholders, with a loan volume of approximately \$11,000,000.00 in loans outstanding.

In addition to regular business to be conducted, two Association Directors will be elected to represent the Haskell County area for terms beginning January 1, 1973, and it is urged that members attend and participate in the business of the Association.

The Manager advises that new loan procedures and policies will be discussed which will be interesting to present borrowers as well as prospective borrowers.

The current Association Board of Directors consists of: O. G. Lewis, Rule; E. H. Burnett, Haskell; Weldon Walker, Stamford; J. E. Nix, Anson; Ralph Howe, Seymour; and J. P. Jones, Munday.

The Association headquarters is at Haskell, with branch offices at Seymour and Anson.

Leaflet Available On '72 Texas Oil and Gas Facts

DALLAS — "72 Facts About Texas Oil and Gas," the perennial leaflet from Texas Mid-Continent Oil & Gas Association, is off the press and again filled with key statistics for the involved businessman, the serious student, the dedicated government researcher, and the mildly curious consumer.

In compiling the latest annual edition of "Facts," which is free to the public, the Association has combined some historical information with the latest available figures on industry operations, according to John W. Wagner, the Association's vice-president for public affairs. The facts have been grouped into eight classifications, including drilling, production, refining-processing, employment, and taxation.

As in the past, the pocket-sized leaflet will be distributed by the Association to industry, government agencies, individuals who request it, and public, college and high school libraries, Wagner said.

For the historically minded, the leaflet points out that Texas' first well (in 1866) was 106 feet deep. By comparison, in 1971 oil men in Texas drilled 39 million feet of hole.

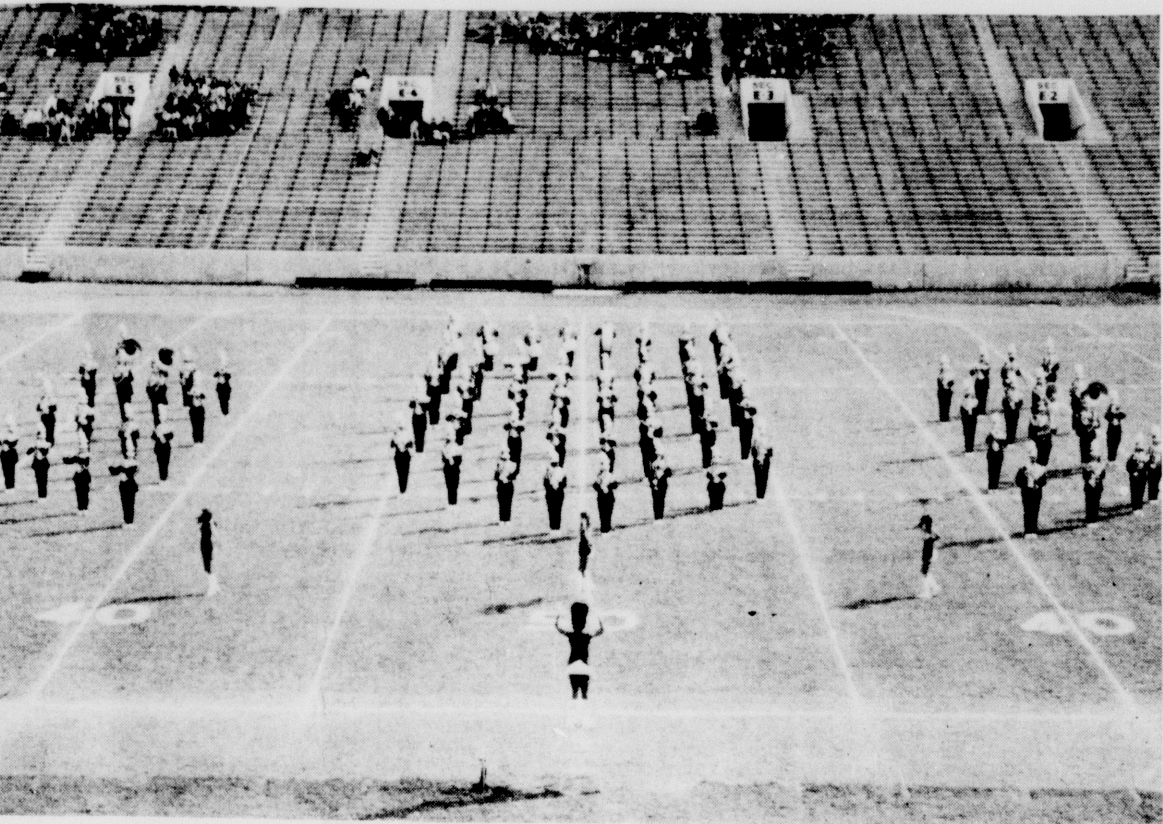

And where is the world's deepest producing well? According to "72 Facts," it's in Pecos County. It's 22,752 feet deep. And it's a gasser!

In a section on activities in offshore Texas, the leaflet says the drilling of 38 wildcat wells last year resulted in only eight producing wells. Of the \$27 million spent in offshore drilling, \$18.7 million was lost in dry holes.

Texas has produced a total of 35.6 billion barrels of oil — 36 percent of the U. S. total. "72 Facts" also says that last year, the state produced 1.2 billion barrels of oil and marketed 8.6 trillion cubic feet of natural gas.

For the business executive or the college marketing major, "72 Facts" offers a quick answer to questions about petroleum processing:

Texas' 40 refineries processed 1.1 billion barrels of crude oil in 1971, with 86 percent of the state's refining operations being carried on along the Gulf Coast. The state's refineries have a 3.5 million barrel daily crude capacity — 26.5 percent of the U. S. total. In addition,

INFORMATION — Drum major Terri Casey, center, leads the Hamlin Piper Band during Region II Marching Competition at Shotwell Stadium in Abilene. The band earned a Division I rating for the fifth consecutive year and the eleventh in 14 years. The Division I in marching competition is the first step toward the band's winning an unprecedented fifth Sweepstakes in a row.

"Hamlin Pied Pipers — 1972 District Champs!!!!" The banner that carried this title has more meaning to it than just words. Behind the glorious title of District Champs is the hard work that our boys and coaches have put out. I feel now that every single inhabitant of Hamlin has a great deal of pride for these Pipers — this pride was certainly visible in the men who paraded up and down the stands at Ballinger carrying the

banner with "1972 District Champs" written on it. It is really something when grown men can become so enthusiastic over a victory — it is the excitement of men such as these, the happiness and pride of the Piper Team, and the overall confidence gained by all Piper fans that makes victories so wonderful. We've really showed the predictions of the papers that they were wrong; the Pipers could do it — and they did!!

The Marching Green captured a first division at marching contest last Wednesday in Abilene's Shotwell Stadium. The HHS Band was the only AA band that received this superior rating. This first division makes five in a row in marching; a first division in concert and sight-reading will give the Hamlin Band its fifth Sweepstakes.

The Hamlin High School Student Council was elected as the secretary of the Oilbelt District of Student Councils Saturday at Jefferson Jr. High in Abilene. Because the council was elected to the post of secretary, it will host the district convention here next year. Other officers elected are as follows: president - Ballinger High School, vice president - Abilene High School, parliamentarian - Cooper High School. The members of the HHS Student Council led a discussion group entitled "Projects, Projects, Projects." The theme for the district convention was "Students...Helping Students."

The National Honor Society held its inductee ceremony Monday in the high school cafeteria. Rickey Gruben, president, served as master of ceremonies. Debbie Woolf gave

a speech on attitude; this was followed by Terri Casey with an explanation of the NHS emblem. The four qualities of NHS members — character, scholarship, leadership and service — were defined by Kenneth Payne, Richard Wallace, Larry Jayroe, and Frank Willis, respectively.

Following these speeches the older members went into the audience and selected the new members. These new members are Georgia Deaton, LaVona Harendt, Connie Christian, Kenneth Dockins, Elaine Kelley, Keith Jackson, Mignon Williams, Frankie Shearer and Dana Wright.

After the formal induction ceremony, Ken Shira recited "Desiderata." A reception

Services Held Tuesday for Fred Turner

Fred H. Turner, 55, died November 12 at Morton Cancer and Research Hospital in Dallas.

Services were held Tuesday, Nov. 14 at 2:00 p.m. in the First Baptist Church of Sylvester. Milton Jennings, pastor, and C. and Rev. C. G. Grigg officiated. Burial was in Newman Cemetery under the direction of Cate-Spencer Funeral Home in Sweetwater.

Mr. Turner was born December 8, 1916 in Mitchell County, Texas. He had been a resident of Brownfield for several years but moved back to Sylvester in 1967. He married Glenna Ray McHaney December 25, 1937 in Sylvester.

Survivors include his wife, a son, James Fred Turner of Brownfield; two daughters, Mrs. Thomas Bartley and Miss Patricia Gaasch both of Odessa; two brothers, W. M. Turner of Sylvester; J. Paul Turner of Sweetwater; one sister, Mrs. Morris Richards of Clyde; and five grandchildren.

Representing Hamlin on the Senior Chapter Conducting Team were Rickey Gruben, Larry Jayroe, Danny Wood, David Mitchell, George Gonzalez, Randy Elmore and Tommy Gabriel.

Members of the Junior Chapter Conducting team were Gary Ford, Connie McIlwain, Alan Steele, Robert Phariss, Mark Fowler and Larry Griffin.

Quiz team members were Gary Ford, Connie McIlwain, Robert Phariss and Alan Steele.

Latest arrivals at Harden Memorial Library include books for pre-school through adult.

Wake Up, Little Tree by Yutaka Sugita is a book in full color for ages 4 to 8. It is a colorful fantasy that is a magic blend of all the things that mean Christmas to the very young. There are fir trees and church bells, carols and candlelight, a golden star and the Christ Child's crèche.

The Cowboy's Christmas by Joan Walsh Anglund is a simply read book for ages 3 to 7. This is about a young cowboy and friend Bear and their preparations for Christmas.

The Last Station by Bobby Jack Nelson is recommended for both adult and teenage readers. A young American teams up with an experienced Australian to work on a cattle ranch (called a station in Australian parlance) in an isolated section of the Northern Territory. The characterizations are credible and the action is maintained.

The Girls of Huntington House by Blossom Elman is particularly for older teenagers. Huntington House is a combination maternity home and school for unwed teenage mothers-to-be. The narrator of this story is a young English teacher at the home.

Don't forget that the library at 324 Southwest Avenue A is open from 7 to 9 on Thursday evenings.

THE FAMILY LAWYER

Mystery Mishap

At 7:13 p.m., in the main dining room of a large hotel, a mirror suddenly fell from the wall and landed on the head of an unsuspecting diner.

No one could figure out exactly why the mirror had fallen. Nevertheless the diner, painfully injured, filed a lawsuit for damages against the hotel.

"He has no case," the management argued in court. "He cannot point to any specific thing we did wrong."

But the court upheld the man's claim.

"Mirrors do not ordinarily fall off walls," reasoned the court, "unless someone is negligent."

The court was invoking a famous legal doctrine known as *res ipsa loquitur*—"the thing speaks for itself." This doctrine is widely used when there is no direct, eyewitness evidence of an act of negligence. Weighing the odds, the law decides that an act of negligence—even though unseen—probably did occur.

Thus:

Using *res ipsa loquitur*, a court found negligence when a car, parked on a steep slope, started to roll downhill. Chances were good, said the court, that the driver had neglected to set his brakes and cramp his front wheel against the curb.

Also using *res ipsa loquitur*, another court found negligence when a housewife encountered a piece of glass in a newly opened can of spinach. Chances were good, said the court, that someone in the canning factory had been careless.

But the mere fact that an accident has happened does not necessarily justify the use of the doctrine. Consider this situation:

A woman climbing down from a trolley lost her footing and fell to the pavement. Demanding damages later from the trolley company, she said the car had probably moved just as she was getting off.

But the court said there was an equal probability that she herself had simply failed to watch her step. With no odds in her favor, said the court, she could not use *res ipsa loquitur* to win her case.
